Easter Sunday

L. A. "Alf" Reeder  
Reported Dead  
Finds it "Uncanny"

"It was a bit uncanny to find I'd been considered dead," Mr. L. A. "Alf" Reeder of Reeder's Laundry Service said when he stopped by THE HERALD offices on his regular route Tuesday.

"I do, too, want my friends in the area to know I'm very much alive and that I did appreciate the flowers, cards and food that Glades folk sent my family as a result of an erroneous rumor."

Mr. Reeder explained he'd written letters to several Belle Glade people before coming out this week "so the shock would not be too great when they saw me."

On the sick list recently, Mr. Reeder presumed the death of a man of similar name and age created the report which spread like wildfire over Belle Glade last Thursday night and Friday. The error was discovered when one family went to the Reeder home in West Palm Beach to call Friday morning.

All coaches, Dads and Moms who are interested and would like to help with the Little League are asked to meet at the High School Activities Room at 7:30 p. m.

Any boys who have not turned in the uniforms used last season are also asked to be sure to turn them in. Parents are requested to remind junior to return the suit.

Suits may be turned in at Ray's Radiator Shop, Hollingsworth's Shoe Store or at the Holsum Bakery.

If there are other younger children and you have trouble getting a sitter, bring them along.

The Little Leaguers need you, and everyone else who might be willing to help.

BELLE GLADE, FLORIDA, APRIL 19, 1952

SINGLE COPY - 10c - SUBSCRIPTION - \$3.00 PER YEAR

**Rams Upset**  
Forest Hill 3-1  
Eddie Buckner pitched Belle Glade to a 3-1 upset over Forest Hill. The game started with the chance of the Conference Crown for Forest Hill.

Except for John Watson's Texas leaguer to left, Buckner would have had a four hit shut-out. The lone Falcon run came in the eighth.

All of the Ram runs came in the third. Tommy Bass walked, Ward's leaguer over second was mishandled and Kruse walked to load the bases. Kenny Martin tripled to deep left center for all the runs the Rams needed.

It was a dual of sophomore pitchers, Forest Hill's Harry Dahn was as fast as anyone the Rams have faced. He struck out 10 and walked three.

Buckner got his curve ball and knuckler in the strike zone when he needed it. He fanned six and walked only one. He gave up 5 singles.

Martin's triple was the only pinch hit the Rams managed off Dahl.

**22 Dwelling Units**  
Built in Glades  
62<sup>nd</sup> First Quarter  
According to a report from the Industrial Development Commission, Phokhee, South Bay and Belle Glade have built 22 dwelling units since the first of the year.

There were 46 single dwelling units averaging \$11,000 each and 26 apartment units averaging \$4,800 each.

All the apartment units were built in Belle Glade (80) and 30 of the 46 single dwelling units.

**H. Bunn McCall**  
Attends U of Ga

For Special Work

H. Bunn McCall, Vice President of the Everglades Federal Savings and Loan Association, Belle Glade, Florida, will attend the American Savings and Loan Institute School for Executive Development at the University of Georgia in Athens, April 29 through May 11.

The two year program emphasizes individual development with studies concentrated in the areas of finance, economics, and the behavioral sciences.

The American Savings and Loan Institute is the educational and professional organization for personnel in savings associations and co-operative banks. It has been training personnel through a wide range of specialized courses of study.

The School for Executive Development will be attended by nearly 170 savings and loan association executives from 30 states. The institute conducts a similar national school at the University of Washington.

**Miami FHA Made 2,696 Mistakes**  
Tampa Shows 3,867 FHA-Owned

Nest J. Hardy, Commissioner of FHA, says "a complex of circumstances and errors" caused the mistakes. He said the errors were "excesses on the part of some builders and poor credit screening by contributing factors to the temporary ban on mortgage insurance on speculative building in the Tampa and Miami jurisdictions."

With an indicated inventory of 10,000 units, the FHA said it was "in a position to insure the homes of the nation."

**National Guard**  
Plans to Return  
By August 10th

President Kennedy announced on April 11th that if there is no serious deterioration of the international situation between now and August, the Army Reservists and National Guardsmen involuntarily recalled to active duty will be released in that order.

The Army has announced that it is planning the movement of the units now on active duty to their home stations will begin during the first 10 days of August. In any event all units of Alabama, 2,600 from Mississippi and 2,000 from Florida.

IV U. S. Army Corps headquarters in Birmingham, the major Army headquarters responsible for the reservists in Alabama, Mississippi and Florida, will receive detailed instructions and procedures for releasing the units.

President Kennedy has stated that the release will be the result of a major change in the international situation, but the result of the successful buildup of permanent instead of emergency strength. After the release of reservists and guardsmen, the combat readiness for the U. S. will be increased over what it was a year ago. The number of combat ready divisions in active service will be 16 divisions, as against 11 a year ago.

## BG Hospital Board Answers Questions

**Placement Tests**  
**For Peace Corps**  
**Given April 21**

Peace Corps Placement Tests will be given Saturday, April 21, in Civil Service Commission testing centers throughout the county.

All tests will begin at 8:30 a. m. This new round of tests has special significance. Applicants are now being invited to train for 30 new Peace Corps projects in Africa, Asia and Latin America. Training will begin this summer on college campuses throughout the United States.

Many who takes the tests will be applicants who have sent in a Peace Corps questionnaire available at Post Offices since the last round of testing.

But interested persons who have not yet filled out a questionnaire will also be permitted to take the tests. They will be accommodated on a "space available" basis at the testing center.

Peace Corps opportunities abroad cover many fields — teaching, nursing, engineering, planning, carpentry, agriculture, medicine, home economics, architecture, city planning, geology, physical education.

Applicants must be American citizens and at least 18 years of age. There is no upper age limit; persons 60 and older are performing key Peace Corps jobs overseas.

Married couples without dependent children may apply, providing both qualify. At the testing centers, each person will be given his choice between two types of Placement Tests. One is for men and women who would like to be considered for positions as teachers. For this, a bachelor's degree is required, but you do not need to be an accredited teacher.

The other test is for everyone else who wants to serve in the Peace Corps. While some projects call for technical skills, many others require men and women without such formal or specialized training. Among these are liberal arts graduates for community development projects and people with general farming backgrounds for agricultural projects.

A list of testing centers in Florida are Gainesville, Jacksonville, Miami, Orlando, Tampa, Tallahassee and Daytona Beach.

**Church Arrangements**  
**Demonstrated To Club**

Mr. Ralph Kirk gave a demonstration on Church Arrangements at the Club on Tuesday afternoon at the lovely new home of Mrs. Chris Figueroa in the S. E. Section.

A brief business was held with Mrs. S. B. Cowart presiding.

**Pahokee, Canal Point Beign 7 Numeral Dialing**

The Belle Glade Chamber of Commerce asked the Belle Glade Hospital Board questions pertinent to the present efforts towards a consolidated unit, in the interest of public information. As such, questions and answers are given.

Can the joint hospital have 100 acceptable beds or 9 additional beds with core facilities for future extension up to 150 beds?

Answer Question No. 1. The only site under consideration at the present time is one that will be located within a half mile radius of the mid point between the city limits as they exist on January 1, 1962, on State Road 715.

2. What would proposed joint hospital cost and how many accredited beds would it provide?

How many additional beds would the proposed joint facility provide as opposed to the present facilities? (Belle Glade and Pahokee Hospitals).

Answer Question No. 2: Cost not to exceed \$2,000,000.00. Present facilities are Belle Glade 45 beds, Pahokee 35 beds, total 80 beds. New facility would provide 100 beds.

3. What would be the cost of new beds? How many beds would be added to the facilities at Belle Glade, with accredited beds, and how many beds would be added to the facilities at Pahokee?

Answer to Question 3: We do not have any reliable estimates on cost to remodel but a minimum of 25 beds. We believe it is not practical to remodel.

6. Would Belle Glade be entitled to Hill-Burton funds without entering into a joint hospital endeavor with Pahokee?

Answer to Question 6: Belle Glade is now eligible and entitled to Hill-Burton Funds.

7. If the proposed joint hospital were to be erected, what disposition would be made of the present hospital facilities at Belle Glade and Pahokee?

Answer to Question 7: The Belle Glade Hospital facilities must be kept until September, 1968, and operated as a hospital. It is assumed that the Pahokee facilities would be taken over and indebtedness assumed.

Some disposition would necessarily be made of it. Indebtedness approximately \$100,000.00.

8. Will the proposed facility attract new doctors and specialists?

Answer to Question 8: The Board feels that for some specialists there will be an attraction. Naturally a 100 bed facility will have more effect than a 75 bed unit.

9. Will the two Boards agree to allow an outside experienced and unbiased person determine by means of population growth, where a new hospital should be built to best meet the medical needs of the Glades?

Answer to Question 9: Belle Glade will agree to a survey of which population growth, economic conditions, Pahokee will not agree to a survey.

## Good Friday Services Set By Ministers

"The Seven Last Words From the Cross" will be the theme of the Belle Glade Area Ministerial Association Good Friday Service. The services of meditation will be held from 12 noon to 3:00 p. m. in the First Baptist Church Auditorium on Friday, April 20th. Each of the 25 minute meditations will feature specially selected hymns, passages of scripture and a sermon. Among the ministers participating will be the Rev. Edward M. Straner, president of the Belle Glade Area Ministerial Association and Pastor of the Northside Baptist Church and the Rev. Lee D. Rustin, Pastor, Community Methodist Church, serving as leaders, and the Rev. Luther A. Key, host pastor, will extend the welcome and give the call to worship.

The following ministers will be conducting the 25 minute meditations at the time specified and will be speaking on the subject listed below:

### Easter Sermons

**Northside Baptist Chapel** — "The Living Christ" will be the sermon of Rev. Edward Straner at the Sunday morning service and at the evening services at 7:30 he will speak on "Victory at the Cross."

**First Baptist Church, So Bay** — At the morning service the sermon brought by Rev. James Fenton will be "The Crucified Christ" and at the evening service the choir will present the Easter Cantata.

**Church of the Nazarene** — "The Cross, Then What?" will be the morning sermon of Rev. O. H. Smith and in the evening his sermon will be "The Door." The Youth Choir will make its first performance with a special program of music Sunday evening.

**St. Peter's Lutheran Church** — "The Empty Tomb and the Resurrection" will be the morning sermon topic of Rev. O. H. Tranklin. There will be special music, Good Friday Communion will be at 8 p. m.

**First Baptist Church, B-G** — "A Promise Kept" will be the sermon topic of Dr. Duke McCall, conducting the revival, at the morning service and the evening message will be "Judas Also Died."

**Community Methodist Church** At the morning service Rev. Lee Rustin will be speaking on the subject "Life—The Tale of an Idiot." There will be no Sunday night service. Holy Communion will be observed at 7:30 p. m. Thursday.

Rev. James Fenton: Time 12 to 12:35 "Forgiveness at the Cross" Luke 23:32-38.  
Rev. Jack Edwards: Time: 12:35 to 12:50 "Authority at the Cross" Luke 23:39-43.  
Rev. S. J. Davis: Time: 12:50 to 1:15 "Remembrance at the Cross" John 19:25-27.

Rev. J. O. Jamison: Time: 1:15 to 1:40 "Submission at the Cross" Mark 15:33-34.  
Rev. John K. Johnston: Time: 1:40 to 2:05 "Suffering at the Cross" John 19:28-29.  
Rev. Ora Smith: Time: 2:05 to 2:30 "Victory at the Cross" John 19:30.

Rev. Don Wilkinson: Time: 2:30 to 3:00 "Confidence at the Cross" Luke 23:44-46.

Music for the services will be by staff organists of the First Baptist Church and the Community Methodist Church. Each of the seven twenty-five minute periods of meditation will be divided by a five minute musical interlude allowing time for people to leave the services and others to come into the auditorium for the following service.

The citizens of the Belle Glade Area are cordially invited by the Ministerial Association to avail themselves of this opportunity to worship on the memorable day known as Good Friday.

## Diocesan Council

### Of Catholic Women

#### To Convene At PB

The fourth annual convention of the Diocesan Council of Catholic Women will be held at April 29, 30 and May 1, 1962 at the beautiful Palm Beach Hotel, Palm Beach, Florida. All women of the Diocese of Miami are urged to attend this Convention.

A few highlights of the program will be the reception at the Henry Morrison Flagler Museum, Whitehall, Palm Beach; Forums; Mass; for Deceased Members, an excellent business session, and a banquet with an award to the outstanding Council Women of the year.

One Guest Speaker will be, His Excellency, Most Rev. Coleman P. Carroll, Bishop of Miami. St. Philip's Basilica Society is sending as delegate Mrs. Charles Quintin Duxbury, and delegate alternate Mrs. Guy Wilson.

The Altar Society is also serving on the Hospitality Committee. The gracious hostesses will be Mrs. Thomas McCullough, Mrs. Joseph Murphy, Mrs. Guy Wilson, and Mrs. Charles Quintin Duxbury.

Don't miss the L. D. S. Church Benefit Dinner, Friday night, April 27, at Belle Glade Armory. Serving: Chicken and Dumplings, roast chicken and dressing and all the trimmings. Adults \$1.25, Children 75c.

## Belle Glade's First Baptist Church Begins Spring Revival Services Sunday

Dr. Duke K. McCall

Evangelist ...

was elected treasurer of the Southern Baptist Convention in 1951 he assumed the presidency of Southern Baptist Theological Seminary, which is the mother of seminaries sponsored by the Southern Baptist Convention.

Dr. McCall, known as the youngest president of theological seminaries in America, received his education at Furman University, the Southern Baptist Theological Seminary and Baylor University. He also has received degrees from Furman University and from Shurtleff College in Illinois. He is a well known preacher among Southern Baptists and is the author and co-author of many denominational periodicals and books, such as "God's Hurray," "Broadman," 1949, co-author of "Passport to the World," Broadman, 1951, co-author "Broadman Comments" Broadman 1958 and Editor, served as editor of "What Is the Church?" Broadman, 1958. He was for some time a regular columnist for the Nashville, Tennessee Banner.

In addition to serving Baptist churches and the Baptist denomination, Dr. McCall has rendered professional and civic services in such areas as President of the National Temperance League, member of United States Air Force Air University, trustee of Louisville Medical Foundation, a panelist on a weekly radio program broadcast by WHAS, Louisville, Ky., entitled "The Moral Side of the News," which position he still holds; has served since 1954 as a member at large of the National Council of Boy Scouts of America and was vice president of the American Association of Theological Schools 1956-58. At present he is serving as a member of the Executive Committee of the Baptist World Alliance, is a member of the Administrative Council of the Baptist World Alliance, and is General Chairman of the Baptist World Alliance and is General Chairman of the Baptist World Alliance and is General Chairman of the Baptist World Alliance.

Dr. McCall is known far and wide for his ability as a dynamic preacher which makes him one of the most widely used educator evangelists in the nation.

After a successful pastorate at the Broadway Baptist Church, Louisville, Ky., Dr. McCall was elected President of the New Orleans Baptist Theological Seminary, New Orleans, La. In 1946 he was elected executive secretary of the Southern Baptist Convention and also in 1947

Revival Music  
Mr. Jim Keace, Minister of Music of First Baptist Church, Dothan, Alabama is one of the most widely used evangelistic leaders in the South today. Mr. Keace received his education in Florida, high school, Florida State University, where he received his B. S. and P. M. E. degrees. After successful terms of service as Minister of Music in the area's Florida Baptist churches, he went to the great First Baptist Church of Dothan, Alabama in 1961. He is a baritone soloist and makes frequent appearances on radio and TV in and around the city of Dothan, Alabama.

The revival choir of First Baptist, under his direction, will number from 35 to 40 people. Other soloists and ensembles will also present special music under Mr. Keace's direction.

Another outstanding highlight of the week-long revival will be a special Crown Choir for all children ages 8 through 12 under the leadership of Mr. Brown Settelind, Minister of Music of the First Baptist, Belle Glade. This choir will not only participate in the revival but in singing is concerned, but will do other things, such as memorizing of scriptures and participating in inviting people of the city to attend the services.

The public is cordially invited to attend this great revival emphasis week in Belle Glade's friendly First Baptist Church.

## True Wood of the Cross

The discovery of the True Wood of the Cross on which Christ was crucified occurred in the early part of the fourth century. It was then publicly venerated in Jerusalem, and fragments of it were detached and dispersed for devotion throughout the world.

St. Philip Benizi Parish, Belle Glade is fortunate to have one of the True relics which is exposed for veneration at the Holy Cross Mission of Indianapolis, on Good Friday. The veneration that is paid to this precious relic is actually paid to the one represented, Jesus Christ our Lord, who died on it, just as when we kiss our mother's picture we do not give our affection to the paper, but to our mother.

Robault de Fleury in 1870, after careful study of all the relics of the True Cross in existence, found that all together they would make two-fifths of a cubic foot out of an estimated Cross six and five-eighths cubic feet of timber. The largest relics of the True Cross are found in Jerusalem, Rome, Brussels, and Ghent. Particles venerated are very small, but they are very precious to us.

## Baptist Choir To Give Cantata

"No Greater Love" a cantata by John Peterson will be presented by the sanctuary choir at the First Baptist Church Friday night at 7:30 o'clock. Cantata repeated from last year by popular request, will feature the choir, Mrs. W. T. Ingraham, soprano and Dr. W. T. Forster, tenor.

This lovely cantata depicts the old story, only hours before the cross, when Jesus told his disciples, "Greater Love hath no man than this, that a man lay down his life for his friends." Jesus Christ the Son of God, then laid down His life, for the entire sin ridden race. Because of the matchless sacrifice a way to salvation was opened. He who laid down His life took it up again, bringing light and life to all who acknowledge their need to come to Him in simple faith.

The public is cordially invited to attend.

Featured as guest soloist will be Doug Jones, baritone, also soloists Mrs. Z. T. Ingraham, soprano and Dr. W. T. Forster, tenor. This lovely cantata depicts the old story, only hours before the cross, when Jesus told his disciples, "Greater Love hath no man than this, that a man lay down his life for his friends." Jesus Christ the Son of God, then laid down His life, for the entire sin ridden race. Because of the matchless sacrifice a way to salvation was opened. He who laid down His life took it up again, bringing light and life to all who acknowledge their need to come to Him in simple faith.

The public is cordially invited to attend.

## Area-Wide Sunrise Services Easter Sun.

Sunrise religious services will be held in the Belle Glade High School football stadium Easter Sunday morning, beginning at 5:37 a. m. The area-wide religious services will be presented by the Belle Glade Area Ministerial Association, Rev. Edward M. Straner, President, The Arrangements Committee, consisting of the Rev. Luther A. Key, Rev. Lee D. Rustin and the Rev. Ora Smith, announces the services as follows:

The services will be held in the High School stadium with seating arranged in the north stands near the control tower. A suitable platform for those participating will be arranged on the North sidelines with a beautiful Easter panorama background being prepared and placed. Flanking each side of the platform will be extended arms of the backdrop which will give the effect of an outdoor amphitheater.

The music will be under the direction of Mr. Fred Stevens, Director of Music, Community Methodist Church, Belle Glade who with Mr. Brown Settelind, Jr., Minister of Music, First Baptist Church, presenting the solo entitled, "Open The Gates of the Temple" by Knapp. An Easter Sunday message entitled, "Surprised by God" will be delivered by the Rev. Dr. Duke K. McCall, President of Southern Baptist Theological Seminary, Louisville, Ky. Dr. McCall, formerly President of New Orleans Baptist Theological Seminary, New Orleans, La., and Executive Secretary of the Southern Baptist Convention, is well known throughout the South for his dynamic preaching as well as his scholarly delivery of excellent sermons. Although now known best as an educator, Dr. McCall is widely sought after for special occasions such as revival meetings, Bible conferences, etc. He is known as the youngest Seminary president among the many in America.

The Arrangements Committee headed by Rev. Lee D. Rustin, is planning to make the stadium seating as comfortable and appropriate as possible. Ushers and parking attendants, supplied by the various civic clubs of the city, are being urged to all to use the north side stand for the Easter service, that vicinity in proper order.

This is the first service of its kind to have been attempted by the Belle Glade Area Ministers for a number of years. It is their fondest desire that it will render a service to each and every resident of the area.

## A Patriot - A Soldier

G. R. (Dickie) Townsend, age 23 died Thursday afternoon at the Belle Glade Memorial Hospital, and was buried with military honors, as a soldier who had been called into active duty with his National Guard Company.

Dickie had a deficient kidney function which had been a medical problem since infancy, and which he had battled thru strict pattern since teenage.

Being inducted into the military service was a crowning achievement in his battle.

For two months just previous to his death Walter Reid Hospital at Washington had insured medical aid of the best and also brought the information that further improvement had come to his already lacking normal body form.

Overcoming a physical deficiency to the extent of being accepted in the regular armed service and then fighting for repair or improvement so that he might continue his military service as is his brother, this soldier did yeoman service to his country.

Dickie Townsend is an example to the young of to-day, of determination, fight and patriotism in the service of his country that most certainly didn't add years to his life.

So, we salute a patriot, a soldier and a man among men - especially the YOUNG MEN of today.

## Uncle Dan from Doolie Says:

Dear Mister Editor:

I see by the papers where one of them Congressmen in South America called Uruguay was a new idea for running the Government. They've done away with their President and is using nine men elected by the people. It won't work, Mister Editor. You can't get mad at nine people, and the voters like to get mad.

Democracy works pretty good in our country on account of we

always got somebody to get mad at and on account of we can swap ends ever once in a while. The Republics and seven year to stay mad at Harry Truman, then the Democrats had eight year to stay mad at them. I think you can swap ends ever once in a while, but you can't swap ends a year, you got yourself a newspaper that'll sell. I think you got to follow the same system to keep democracy selling all the time to all the people.

I figure one of the reasons folks is always complaining about the Congress is we got so many Congressmen in Washington that the people can't pick out one to get mad at. You can pick out one now and then and start getting mad at him but before long he gets lost in the shuffle and you got to get mad at all of 'em and they ain't no satisfaction for the voters in that kind of system.

We got a heap of deserving Congressmen in Washington and we got some deserving to be shot and sometimes it's hard for a voter to pick out which his which.

One thing that makes it confusing for the voters is the way them Congressmen horse-trade amongst themselves. For instance, the Democrat Congressman from Bull Snort, Georgia, will swap vote with the Republican Congressman from Hog Grunt, Utah, to get a piece of pie for their own districts. Then the next day they'll be fighting each other along party lines on some important issue that concerns the whole country.

I reckon you'd have to say we got too many two-toned Congressmen. I'm in favor of requiring all Congressmen to get tested by the Bureau of Standards. They test everything else for it is official, and then we could tell if a Congressman was Democrat or Republican to the bone or just skin deep, pure gold or part brass.

But they're one thing I'll have to say for Congressmen. They are the best letter writers in the world. You can write one and

## Professional Nurse

### Practical Nurse Which Will You Be?

Many factors enter into your child's choice of a career: interest, ambitions, abilities and the counsel received from teachers, friends and family. But to help your child have the career he or she wants, will depend most of all on the opportunities to come to the training they need to enter the field of their choice.

High School is the starting point of the preparation for Professional or Practical Nursing and to the President of the Local Women's Auxiliary of the Belle Glade Memorial Hospital recommends that students take a college preparatory course, keep their grades high in the top half or third of their class at least, and participate in extra curricular activities to help them grow as a person.

Before your Junior Year in High School check the admission requirements of the schools of nursing you are considering so that you will be certain to include needed courses in your high school plans.

There are two ways to obtain college preparation in nursing leading to a baccalaureate degree: (1) The four year program plus two summers, which most college nursing programs follow. (2) The second pattern offers a nursing education to students who have had two years of appropriate college work which offers a nursing program while remaining two and one-half to three years more to be spent on the nursing program which grants a professional degree. This is the five year plan referred to as dual admission.

There is now a third way to become a registered nurse - A student will take one of the associate degree programs recently introduced into a number of Junior Colleges such as Palm Beach Junior College. These programs require approximately two years and one summer, collect reading one summer, take an examination with the nurses licensing board of the state which gives her the right to use R. N. (registered nurse) after her name.

A college preparatory course in High School will qualify a student for admission to most College nursing programs but others will require one or two years of college.

Applications for the scholarship loan to prospective nursing students should be made as soon as possible.

N. Bailie

## Fla. Southern Not Yet Full For Fall Class

Florida Southern College is still accepting applications for fall enrollment it was announced by Dr. Charles T. Thrift, Jr., president.

"We have just about reached our housing capacity for women students," he said, "but we still have room for men."

Students who plan to live at home will commute to the campus stand a good chance of being accepted if they apply before June 1, Dr. Thrift said.

Applicants must be high school graduates with at least a "C" average in their basic academic units. Application forms may be obtained by writing the director of admissions.

ask him a question and get a two-page letter answering everything but the question. Writing your Congressman, Mister Editor, is like holding down a well. About all you get back is the echo.

Yours truly,  
Uncle Dan

## Cuban Corner

Noticias de Los Cubanos  
The Adult class in English to foreign born held the next to last meeting in this series of classes. The final class will be held April 18. Plans are underway to form an advanced class next September.

The following paragraphs were written for use in this column: This is the first week that I have been able to come to the class in English for some time, because I was sick with a bad case of measles and could not go to the High School. I felt very sorry that I could not go to class, because I have a good time with my teacher and with my Cuban friends. . . Mrs. George Iglesias.

Every Sunday my husband and I go to some new place in the vicinity of Belle Glade, so that Sunday we went to see what Indian town. We found a very picturesque place. The weather in the morning was nice. In the afternoon the rain came and we hurried to return before night. I feel very pleased to be living in Belle Glade because it is so nice and quiet. . . Mrs. F. W. Hutchison.

Last Wednesday I couldn't attend our class in English. But my daughter and I had a nice time at the turkey banquet at the Methodist Church. There were more than 250 people present. It was most interesting for everybody. . . Mrs. Acuña Ruiz.

Last week we were not able to attend the class because we felt we should attend a dinner at the Methodist Church in honor of the Latin American Countries and condemning Communism. And as in deference to the Cuban resident in Belle Glade, the menu was in both English and Spanish. We were very thankful. Also we give thanks for the way tribute was given to the Cubans who assisted. It was a very beautiful act. . . Mr. Secundino Blanco.

I want to say to all my friends that I have moved and now live

## Students' Work

### At Norton Gallery Shown 14th-22nd

The most complete and active art school in the Palm Beach area is the Norton School of Art, an important activity at the Norton Gallery of Art. At the end of each season of hard and serious studying, the best of each student's work is put on exhibition at the Gallery.

This year's Annual Students' Exhibition will open to the public on Saturday, April 14th and remain on view through Sunday the 22nd. There will be a private preview and reception for members of the Palm Beach Art Institute and students from 4:30 to 8:00 p. m. on Friday, April 13th.

Each instructor has selected representative work from his students and this selection shows the scope of all that is taught in each class. The students have been painting with Janet Folom, Walter Colebrook, Arnold Blanch, Robert Moore, doing sculpture with Oliver O'Connor Barrett, and ceramics and enameling with Emil Jensen. When the best of each student's work is all put together, the results make up a varied and commendable exhibition.

The show is in the special exhibition galleries of the patio, which are open every day.

**Documentary Stamps  
Provide 12 Millions**  
Documentary stamp collections may top the \$12,000,000 marks this fiscal year, State Comptroller Ray E. Green said today.

Green said collections for the first nine months of the current fiscal year total \$9,409,961, an increase of \$557,076 over the same period for the previous fiscal year.

Total collections for fiscal 1960-61 was \$11,893,031, or 10.5 percent under the previous year.

The use of stamp meters by stamp tax agents has resulted in savings of nearly \$7,000 a year to the State in stamps and printing, Green explained.

Sixteen counties are using the meters. Escambia county became the sixteenth. About 40 per cent of the Documentary Stamps sold go through meters.

in a different part of town. I would like to receive your visit. I now live at 134 N. W. Ave. C. I am very glad to live in this place because children have their schools very near and I have a good neighborhood, and especially because my teacher lives near me. . . Mrs. Carmen Blanco.

## 'Casey Jones - Evangeline' Ramble Streets 'Loaded' With Sweets

The Florida Sugar has two big green trailers named "Casey Jones" and "Evangeline" that are used for hauling raw sugar to the railroad for transportation to Gramercy, Louisiana for refining.

There the sugar is packaged and sold under the name of "Casey Jones" and "Evangeline".

## Livestock Producers Helped By USDA Under Packers And Stockyards Act

Any livestock producer who feels he has a just claim for loss or damage that occurred in connection with the sale of his livestock at a market or through a dealer subject to the Packers and Stockyards Act will find the U. S. Department of Agriculture employees engaged in enforcing this Federal law in order to help him with his claim.

"One of the least understood features of this Federal law is the protection it gives livestock producers in their marketing transactions," it is said.

All livestock markets, auction as well as terminal markets, which engage in interstate commerce are subject to "fair practices" regulation under the law. In addition, market agencies, dealers, packer buyers and meat packers, who buy and sell livestock and operate in interstate commerce, come under the law.

"By and large, livestock market operators and dealers are honest in their transactions, but occasionally a producer may have a just claim for loss or damage. Holston said.

During the 1961 fiscal year, according to Holston, USDA received 7600 reparation complaints of these, 495 were handled informally with \$136,262 being paid to complainants, principally livestock producers.

Following a loss, the producer should first go to the stockyard owner, market agency or dealer he thinks responsible for the loss and present his claim, Holston said. If the claim cannot be settled, the producer may then file a complaint with the district P&S office. Forms to be used in filing complaints are available at the district office.

Holston points out that the complaint must be in writing and must be filed within 90 days after the loss.

If the claim cannot be settled the district P&S supervisor then prepares an investigative report and sends it along with the producer's complaint to the Packers and Stockyards Division in Washington.

If there appears to be a violation of the law, the Packers and Stockyards Division will take action.

"Colonial" in several forms, as big green trailers named "Casey Jones" and "Evangeline".

Florida Sugar is one of the new mills which ground cane this season, and expects to increase its output for the coming season.

## Officers Seated — Lake Okechobee Chapter of Demolay installed the following officers to serve for the next term of office: first row, L. Ronnie McWhorter, Jr., councilor; Gary Clark, Sr., councilor; Ray Lott, Master Councilor; second row, Glenn Balz, treasurer; Tracy Mittle, scribe. Franklin Shuts, fourth precursor. Tommy Close, sentinel; top row, Frank Barbee, Sr., Deacon; William Lett, Jr., Steward; Carl Norris, president; Buddy Bender, Sr., Steward; John Sheehan, orator.

basis of evidence received at the hearing. Then, the USDA Judicial Officer reviews the record and makes the final ruling. If the operator or dealer fails to pay the reparation award suit may be brought in Federal court for judgment on the award.

Holston points out that since 1959, when the Packers and Stockyards Act was amended, the number of stockyards under its control has increased from 600 to more than 2,200.

## Candidates Express Views On Gas Tax Re-examination Constables And Roads

East Florida's legislative candidates are strongly opposed to any increase in gasoline taxes, favor periodic driver re-examination, hope for more uniformity in traffic laws, and favor placement of constables on a straight salary.

There are a few of the most exhaustive survey on motorist legislation ever undertaken in Florida, said R. J. Finley, manager of the East Florida AAA Division.

All 100 candidates for state office in the Division were contacted on matters of legislation, Finley said.

Most unanimity among the legislators came in the field of driver re-examination. Nearly 80 per cent of the candidates favor driver re-examination on a periodic basis to eliminate unfit drivers.

"While several of the candidates expressed belief that re-examination should take place after a certain age, the AAA notes that physical disability can occur at any time of life," Finley said.

Further taxation of motorists drew a chorus of opposition. Of the responding legislators, only two would give increased gasoline taxes or license fees support under any conditions. Seven more had no conclusions.

Seventy-five per cent of the candidates would oppose any attempt by municipalities to levy additional gasoline taxes.

"Evidently, constables' influence still weighs heavily in some local political decisions," Finley noted. "Less than one-third of the candidates were willing to abolish the office. But by a four-to-one margin, the candidates endorsed replacement of fees by a straight salary. And by a narrower two-to-one ratio, the candidates favored keeping constables out of traffic law enforcement."

## Gas & Sales Tax Increase In March

Sales tax collections for the month of March based on February sales amounted to \$10,444,588.77, an increase of \$2,033,967.32, or 14.6 per cent over the \$11,411,541.45 collected during the same month last year.

Gasoline tax collections during the month of March based on February sales amounted to \$1,089,448.24, an increase of 7.38 per cent over the \$1,013,245.87 collected during the same month last year.

Total gasoline tax collections this fiscal year amount to \$83,618,297.08, an increase of 42,102,032.10, or 3.43 per cent over the \$40,465,264.98 collected in the last fiscal year.

This unusual spurt upward for this month exceeds our expectations, and is most encouraging.

Obviously, the impact of tourism is clearly responsible for the fine showing. It also appears that some other areas of the economy have improved.

We hope the fiscal year increase has been 5.67 per cent. We must average 6.5 per cent increase for each of the remaining three months to meet the estimate broken down as follows: April, \$17,335,944; May, \$15,330,909; June, \$14,417,439.

Florida's legislative hopefuls are agreed on one matter. Our state needs better highways. Most constant answer given by the Senate and House candidates was "more four-laning" of the state's principal highways. Construction of roads on a regular need formula also drew heavy support.

Frequent attention was given to the prospect of staggering road members appointments in order to provide continuity from term to term.

Florida's legislative hopefuls are agreed on one matter. Our state needs better highways. Most constant answer given by the Senate and House candidates was "more four-laning" of the state's principal highways. Construction of roads on a regular need formula also drew heavy support.

Frequent attention was given to the prospect of staggering road members appointments in order to provide continuity from term to term.

Calvary, the name of the site of Christ's Crucifixion, comes from the Latin word for skull. The place may have gotten the name from its shape, from skull seen there in ancient times, or from a legend that the skull of Jesus was buried there. No one knows the actual site of Calvary, reports World Book Encyclopedia, but tradition places it where the Church of the Holy Sepulchre now stands.

## SHOP LOCAL STORES

Read Matthew 28:15  
He is not here for he is risen, as he said. (Matthew 28:6)

Early one Easter morning a few years ago, I was about to enter my car to visit outlying mission stations for Easter Communion. Suddenly, the sound of voices and tramping feet fell on my ears.

Presently, a chaplain of a school and twenty students came along singing Easter songs. They stopped and the chaplain stepped forward. "We do not want to detain you, sir," he said. "We see you are ready for your journey. We want only to tell you that Christ is risen!" With that, he rejoined the students as they marched off to loth the wonderful message, "O Tomb! He is risen!"

The dramatic announcement came to me like a new flash. It was as if the event had just taken place in our mission house garden, that Jesus would at any moment reveal Himself to us and say, "Peace be unto you."

PRAYER: O Saviour, grant us the blessing promised those who have not seen Thee, yet believe Thee art risen. O Jesus, who hasten to us in the breaking of our daily bread, take all our labor into Thy sacramental hands and use it for the feeding of many souls. To the glory of Thy name. Amen.

THOUGHT FOR THE DAY  
Jesus Christ abolished death; all mankind has cause for rejoicing. William H. W. (South Africa)

## Life Insurance in Fla. Owns \$1.88 Billions In Mortgages, Bonds & Realty

It is estimated that life insurance ownership in Florida amounted to \$15.4 billion at year-end 1961. This amount represents an increase of 10 per cent since the end of 1960, when life insurance in force totaled \$13.9 billion, under 8.8 million policies and certificates. Life insurance ownership in the State at year-end 1960 averaged \$7,900 per family.

Ordinary life insurance purchases in Florida for the twelve month period ending December 31, 1961, totaled \$1.7 billion, about three percent more than the corresponding period of 1960.

With the sustained growth of life insurance ownership in Florida, the flow of benefit payments to Florida's families had increased. In 1961, death benefit payments to the beneficiaries of Florida's policy holders were some \$98.0 million and living benefits to policyholders themselves are estimated to be \$130.0 million. Total benefit payments, therefore, amount to an estimated \$228.0 million, seven percent more than in the previous year.

As a by-product of increased family protection through life insurance, the investment of life insurance dollars, creating and maintaining jobs and aiding the economy of Florida, has increased during the years. At the start of 1961, the most recent data for which data are available, a representative group of life insurance companies, with nearly 84 percent of the total assets of the life insurance business, had invested \$11.3 billion in the South Atlantic states of which Florida is a part. Investments by the life insurance companies in this region increased at the close of the previous year.

As 1960 closed, 26 life insurance companies were domiciled in Florida, and these companies provided \$4.1 billion of life insurance in force, including their business throughout the United States.

## Cattle Market Cattle \$46,284

Calves topped the Glades Livestock Market Monday sales with 245 sold out of a total of 564 head, bringing a total of \$46,284.30 percent of the offering went to slaughter and 70 percent to feeder. 18 per cent of the run was cows, 57 per cent to slaughter.

## South Bay PTA Elects Officers

Mrs. Don Winterrowd, vice president, presided in the absence of Mrs. Howell Goodbread. Mrs. Judy Sullivan, member of the nominating committee submitted the following names as P. T. A. officers for the 1962-63 year: Pres. Thomas A. Williams; Vice Pres. Mrs. Ethel Jackson; Secretary, Mrs. Betty Scovery; Treasurer, Mrs. Mary Walters. They were unanimously elected by the members of the P. T. A.

H. A. Ouellette, principal gave a report on the air-conditioning of the first and second grades. 20,400 B. T. U. units have

been installed with insulated ducts, each unit being operated by a thermostat. The units replaced the large exhaust fans, an dare not only more efficient but have cut down noise level over 50 percent.

The programs for the evening was the science fair presented by the students of the South Bay School, many different projects of biological and mechanical nature were shown. Mr. Riley Foster, science teacher was coordinator of the fair. This has become an annual event and many students participated this year. The 4th and 8th grades won the room count.

The hostesses for the evening were Mrs. Marge Henderson and Mrs. Ida V. Walker. The cafeteria was decorated with the Easter motif and refreshments were served after the meeting and adjourned.

## South Bay School News

The 8th grade under the capable direction of Mrs. Ruth Snider and Mrs. Elizabeth Willis gave their assembly program Friday April 13 in the South Bay School Auditorium. The program was entitled "The Palm Sunday and the Crucifixion of Christ. The students sang "Palm Branches," "Were You There," "Beneath the Cross of Jesus," Brenda Kelley played a piano solo "Blessed Redeemer." The 8th grade then sang "Alleluia," "He Lives," and "Christ The Lord is Risen Today."

The entire student body then sang "Here Comes Peter Cottontail." This was followed by a piano solo by Duane Stokes who played "The Breakers."

The student body then sang "Punny a Little Bunny" and "There's a Little Bunny" and a final piano solo was played by Gary Walker "Vella." The program ended with the entire student body singing "Easter Parade."

The South Bay School Boys and Girls 4-H Club gave a dance Friday Evening in the South Bay School Auditorium for their friends and ex-4-H members. Refreshments were served to the entire group. Chaperones for the evening were, Mrs. Hugh Rudder, girls 4-H sponsor, Mrs. George King, boys 4-H sponsor with Mrs. Floyd Wilder, Mrs. Ida V. Walker, Mr. and Mrs. Hurley Harrell, and Mrs. Kenneth Watson. Special thanks to Mrs. Ruth Snider, who conducted the square dancing.

One Thursday the South Bay Hurricanes won their first baseball game of the season, they played Greenacres on their home diamond and won 9 to 6. Ray Sullivan went all the way for their first victory, Duane Stokes was behind the plate. They won their second game Monday, April 16th, 7 to 6 against Belle Glade Cooperative High. Paul B. Woodard pitched and Bobby Woodard caught.

The assembly theme, "Faithfully Increasing Our Praise to Jehovah," will be stressed by discussions, demonstrations and actual experiences of the Witnesses in their house-to-house preaching.

Dixon, who will assist in the assembly organization, said that the Belle Glade delegates are enthusiastic about the meeting and will return better equipped to care for their ministerial duties locally.

## Jehovah Witnesses To Convene Friday

"Who Will Rule the World?" is Sunday's featured discourse at the High School Gymnasium in Pompano Beach at 3 p. m. According to Joseph P. Dixon, presiding minister of the Belle Glade congregation of Jehovah's Witnesses, this talk, by David J. Thomas, District Supervisor from Brooklyn, will climax their three-day convention, which begins Friday.

Approximately 1,000 delegates from 21 congregations on Florida's East Coast, including Belle Glade, will converge upon Pompano to absorb timely instruction for improving their ministry. The assembly theme, "Faithfully Increasing Our Praise to Jehovah," will be stressed by discussions, demonstrations and actual experiences of the Witnesses in their house-to-house preaching.

Dixon, who will assist in the assembly organization, said that the Belle Glade delegates are enthusiastic about the meeting and will return better equipped to care for their ministerial duties locally.

## Glades Represented At Cattle Short Short

Included in those attending the 11th Annual Beef Cattle Short Course, held at the livestock pavilion, Gainesville, Fla. April 12-14 were Mr. and Mrs. R. W. Kidder, Mr. and Mrs. Chas. Herman, Bill Zigler, L. P. Parson, Austin Raulerson, Russel Kaiser, M. U. Mounts, Sid Crochet, Dr. Mike Millevic, Bayard Toussaint and Dr. H. L. Chapman and J. R. Crockett of Ex. Experiment Station who presented papers on the program.

The Kidders while there visited Mrs. A. A. Duane and friends they knew in Costa Rica, Mr. and Mrs. Dan Alleger. The ladies club of the Ag Department had a lovely luncheon on Thursday, which Mrs. Kidder attended.

RAMS BLOW 10-4. GAME TO CLEWISTON. The Rams presented Clewiston a 9 run third inning and lost their first Suncoast game 10-4. The Rams had scored two runs on a pair of walks to Tommy Bass and Dwight McNeil. The Rams had stolen second and third, Bass scored on a wild pitch and Kruse singled home Ward.

Homer Frause couldn't stand prosperity and walked three men in the third. Errors by Ward, Martin and Buckner buried him deeper.

Believer Charles Thompson had no better luck. Outfielder Billy Williams emptied the bases with a wrong field double. Eddie Buckner limited the Tigers to one run the rest of the way but the damage had been done.

Ronnie Robinson limited the Rams to three singles.

WELCOME WAGON WY 6-2908

**NEW COMER?**  
Have you, or has someone you know, just moved to Belle Glade?

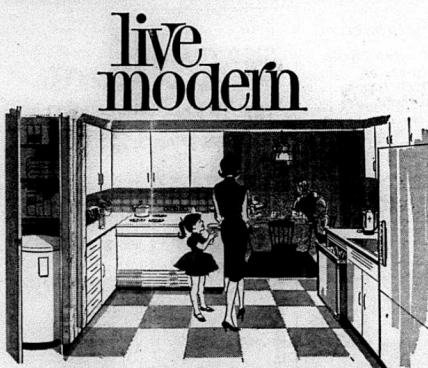

Your Welcome Wagon Hostess will call with gifts and friendly greetings from the community.

NOT TOUCHED BY HUMAN HANDS

When you select Dore Crystal you know you are getting pure, clear, unadorned quality at the Refinery in nearby Sebring.

## REFINERY-Packed live modern

with flameless Electric Range and Electric Water Heater

Flames and fumes are all old-fashioned as wood-burning in today's modern kitchen. When you cook with flameless electricity there's no fuel grime to add your walls or settle on your furnishings... no soot, no blacken pots and pans. Your kitchen stays cleaner... and up to 36 degrees cooler, too, because the heat goes directly into your food and not into your kitchen. It's faster, too.

Another nice thing about living better electrically is flameless water heating... something your whole family will appreciate. It's automatic, super-fast and super-safe. No noise, no odor, no constant-burning pilot flame, and no fire to be feared. Just lots of hot water in a hurry, with never a worry — and peace of mind that's priceless!

For an Electric Range, see your appliance dealer. For an Electric Water Heater... your dealer, plumber or electrical contractor.

There's no Match for Flameless Electric Living... IT'S CHEAPER, TOO!

Every Medallion Home includes these flameless electric appliances
